## #POMPLUNATION GLOBAL SONG RELEASE 18<sup>TH</sup> OCTOBER 2017

#Pomplunation is not only a brand, but a movement. It represents staying true to yourself and being original. It's about being a rhinoceros and going against all odds and not just another cow following the herd. It's about following your heart and gut and not listening to all the negative the world has to give you. It's about making positive the only source of energy in your mind and always looking at the glass half full. #Pomplunation is about being real with yourself and with everyone else in a grateful, fun and peaceful way.

It takes a #Pomplunation to raise awareness to the needs our veterans have! Join the nation!

*EasyGetMe Records Limited provides a new outlet for supporting worthy causes that promote change.*
